Named one of the best books of 2017 by The Economist, The Wall Street Journal, & Vox The father of virtual reality explains its dazzling possibilities by reflecting on his own lifelong relationship with technology Bridging the gap between tech mania and the experience of being inside the human body Dawn of the new everything is an interesting perspective on VR and what possibilities it might involve, and the directions in which it probably should go. In this sense, he somewhat mocks AI, and the "techie" culture for blindly dumbing us down, so that AI seems intelligent. The guru of virtual reality looks back at the unique experiences that formed his vision for the future of technology With a singular voice and perspective, Lanier who The New York Times calls "daringly original . . . a major wizard in the futurist circus. He is the father of virtual reality in the gaudy, reputation-burnishing way that Michael Jackson was the king of pop" considers the future of ... Dawn of the New Everything: Encounters with Reality and Virtual Reality is full of fresh writing, informative footnotes (don't skip them), interesting perspectives, and wonderful storytelling ...
