You may be considering suicide and yet not want to tell a therapist, because you fear landing in a mental hospital. If you go to a therapist or psychiatrist and tell them you are seriously thinking of killing yourself, that does not necessarily mean you will be hospitalized – even if you want to be admitted. The word “syndrome” comes from the Greek “syn”, which means together, and “dramein”, which means to run. So a syndrome is a set of signs and symptoms that tend to run together in a cluster that can be recognized as causing a physical, mental, emotional, and spiritual abuse.
