

# Download Integra Manual Transmission Oil

alright so I'm going to be replacing my manual transmission fluid, I've read the DIY thread and have a general idea on how to do it. now let's discuss fluids. what do you guys use or recommend? I hear people saying just to put 10W-30 in the transmission (this just sounds cheap and sketchy), or RedLine MTF or Honda MTF. If you have an automatic transmission in your Acura Integra, it is important to check the transmission fluid level once a month. The fluid is critical to the operation of the transmission, and if you keep it clean and full, the transmission will perform flawlessly for years. The transmission fluid is easy to check, and ...Acura Integra Standard Transmission 1992, Manual Transmission Fluid by Genuine®. Volume: 32.1 Oz. When you're low on oil, coolant or some other fluid, you may be tempted to just run down to the local auto parts chain store.
