

# Download Jcb Lt9 Lighting Tower Manual

The JCB LT9 portable lighting towers offer performance and versatility in a compact, transportable package. No two sites are the same, so our premium LT9 portable lighting tower range is designed for total flexibility and ease of use, with unparalleled manoeuvrability offered by the telescopic vertically extending mast. JCB LIGHTING TOWER | LT9 Engine compliant 97/68/EC modified 2002/88/EC and 2004/26EC, Noise compliant 2000/14/EC modified 2005/88/EC, Spotlights compliant IP65 JCB Power Products Limited, Rocester, Staffordshire ST14 5JP. Tel: +44 (0)1889 590312. [www.jcb.com](http://www.jcb.com) JCB reserves the right to change specifications without notice. The JCB LT9 has four powerful 1000W metal halide lamps, while the LT9 LED is equipped with six 240W LED units. With our LED lighting tower, there's no warm-up time so you get instant light for fast and easy deployment. Metal halide lamps provide near-daylight brightness; our LT9 LED, meanwhile, use up to 50% less fuel. JCB LIGHTING TOWER TECHNICAL SPECIFICATIONS LT9 FEATURES 9m hydraulically activated mast extends to full height in 13 seconds and provides 360,000 Lumens of light Mast rotates through 360 degrees and each head can be independently tilted to provide light wherever it is required. Four stabilizer legs give excellent stability to the unit.
