

# Download Mack Triple Countershaft Transmission Manual

The Mack Super-Liner is a class 8 heavy-duty truck that was introduced by Mack Trucks in 1977, to replace the Mack RW (R-Western) model. It was a development of the prototype Brockway Super-Liner, Brockway being a Mack subsidiary closed in early 1977. Production lasted for fifteen years until it was discontinued in 1989. The model designation is RW. Mack Trucks Australia still manufactures the ...Mack has purified the pedigree of its Super-Liner and Titan flagships with the long-awaited launch of the big bore MP10 engine. STEVE BROOKS puts the biggest bulldogs through a roadtrain run and comes away convinced that Mack is well and truly back in the big time.
