Our PREMIER 300 Chipper Shredder has the muscle to chew through hardwood branches up to 3" in diameter and shred half-inch thick yard waste. We made it easy to maneuver, easy to use, and a terrific value! Wood chippers, wood shredders and combination wood chipper shredders all have one thing in common. They cut, chip or grind organic material into smaller pieces to reduce its volume, make it easier to handle and prepare it for mulching or composting.. There are several different designs for wood chipper shredder machines, but most homeowner machines use a disk design that includes sharp blades ...Offering an excellent running, under used, superb condition, 1997 MTD Yard Machines 3-Way System wood chipper shredder with a powerful 5 HP B&S throttle controlled engine.
