Well, to show my true ignorance, the manual I was going by was for a TC-40, not TC-40D. I bought the tractor (minus manuals) with 500 hrs, and thought why not go ahead and do a full 600hr maintenance on it so I have a solid starting point. Welcome to the forum, jacklan. I've got the TC series repair manuals and when I look-up electrical I find a section over 200 pages long. There isn't one complete electrical diagram in the section, instead there are 100 or so pages dealing with specific circuits on the tractor.
