

# Download Padi Tec Deep Instructor Manual

The PADI Tec 40 course is where you transition from recreational scuba diving to technical diving. It's a great place to start because it's the first subdivision of the full PADI Tec Diver course and bridges the gap between no stop diving and full technical deep decompression diving. Ready for the outer edge of technical diving? The Tec Trimix Diver course takes experienced tec divers and turns them into extreme divers who go deeper and visit pristine sites where few others will ever go. As a PADI Divemaster in training (DMT), you want to make sure that you get off to the best start with your dive career. Every dive operation differs as to what it can offer on its program, the philosophies behind its diver education programs, its business principles, its staff, and its conservation efforts within the dive community. Join our daily dive trips to coral islands or Pattaya and Samaesan wrecks. We teach all levels of PADI dive training courses in Pattaya and Bangkok.
