

# Download Samsung Induction Range Manual

Discover the latest features and innovations in the Stainless Steel 5.8 cu. ft. Slide-In Induction Range with Virtual Flame™ Technology. Find the perfect range for you! Samsung's Slide-In Induction Range with Virtual Flame Technology gives you the visual of gas cooking with precision induction cooking. Also, LED lights shine onto pots and pans providing visual cues that the cooktop is on. Enjoy the beauty and control of flames in this Induction Slide-In Range with an innovative Virtual Flame. LED lighting embedded in the surface elegantly glows like a real flame to show exactly how hot each ring of the induction cooktop is. This oven can communicate with your smartphone through your home Wi-Fi so you can control the oven or monitor the cooktop no matter where you are. The Samsung Induction Cooktop is the most advanced cooking technology, with an always cool cooking surface. The flexible cooktop accommodates a variety of pot and pan sizes.
