17 Must-Have Tools for Any Project. The true "must have" tool that all homeowners need for any job around the home is a toolbox. But, naturally, the toolbox by itself won't help fix the leaking faucet or hang a picture. Using life insurance in business succession planning By: Randall A. Denha, Esq.*** Life insurance can play an important role in a business succession plan. Estate Planning Tools. The material found on this site is for general information only. Concepts included on this site dealing with federal estate tax issues may not be the most acceptable or best option for your situation. Computer-assisted audit techniques (CAATs) or computer-assisted audit tools and techniques (CAATTs) is a growing field within the IT audit profession. CAATs is the practice of using computers to automate the IT audit processes. CAATs normally includes using basic office productivity software such as spreadsheet, word processors and text editing programs and more advanced software packages ...
